

# Portable Bariatric Wheelchair Scale **6500**

**BATTERY  
POWERED**

**Versatile LCD display  
with BMI calculation and  
EMR-ready serial port**

**Integral ramps  
allow loading from  
either side of the scale**

# 6500 PORTABLE WHEELCHAIR SCALE

With built-in ramps for entering and exiting the scale, Detecto's 6500 portable bariatric scale is perfect for any wheelchair application. The integral wheels and handles plus battery power make this scale portable and easy to move from location to location. With the 6500, you may enter the wheelchair weight, so that only the patient weight is displayed. With a high capacity of 800 pounds, this scale is excellent for bariatric needs as well. The LCD features 0.5-inch-high digits.

**The 6500 offers a wide range of versatility and weighing positions:**  
**wheelchairs • standing • straight-legged chairs • walkers**

## FEATURES:

- Large, easily-accessed weighing platform and low angle ramps make the 6500 ideal for patient security.
- Skid-proof and soft, but durable, black rubber mat
- High-performance, baked-on, powder-painted steel.
- Lightweight design, battery power, wheels, and carrying handles make it ultra-portable for convenient patient weighing wherever needed.

*The 6500's digital weight indicator is the industry's most advanced, featuring serial output to a printer or PC, battery or AC power, BMI calculation, yellow "quick keys" for basic weighing, and a bright LCD display.*

### TRANSPORT

*The 6500's integral wheels and carrying handles make transporting the lightweight scale easy. Just lift it up and roll it away!*

### LOWER INTO POSITION

### PREPARE FOR WEIGHING

*The 6500's keypad features 19 keys, 5,000 divisions, and selectable key lockout.*
