Adam Greenberg
President & Founder

It's Personal

Adam Greenberg started NorthShore Care Supply in 2002 when he saw first-hand his father battling cancer and his grandmother suffering from the side effects of a stroke.

At the time, products to adequately manage incontinence while maintaining their privacy and dignity were not available.

"It was very difficult to see my family frustrated because they couldn't continue to do the things they loved," says Adam.

He knew he could do better.

Since it started, NorthShore has helped millions of people live life worry-free by staying dry. We are now the leader and trusted brand in premium high-absorbency adult diapers, protective underwear, pads, liners and more.

Helping our customers, their loved ones and caregivers live life to the fullest is not just our job ... it's personal.
